ZyTemp

A new way to measure temperature

TCT012

Attach to metal surface for easy storage(option)

Applications
HACCP

- Compact size K type thermocouple thermometer (TCT012)
- Mini size socket to fit with various TC probes (TCT013.TCT053K/T)
- HACCP hazardous zone display (TCT053K/T)
- Extra wide range for various applications
- Optional Magnet Insert in Rear Cover
- Splash Proof Classification
IP65 (TCT012.TCT013)
IP54 (TCT053K/T)

Specifications

Description

TCT012.TCT013
Thermocouple probe + IP 65
TCT053K/T
Thermocouple socket + IP 54

Measurement Range

TCT012
-50~350°C(-58~662°F)
TCT013.TCT053K/T
-64~1400°C (-83.2~1999°F) -K type
-50~350°C(-58~662°F) -T type

Operating Range

0~50°C (32~122°F)

Accuracy (Tamb=25°C)

TCT012
+/-0.8% of reading or 0.8°C (1.5°F) whichever is greater
TCT013.TCT053K/T
+/-1% of reading or 1°C (1.8°F) whichever is greater

Power Supply
